

CODIGO	DESCRIPCION
FCGXXC	Cable plano X vias color

UL/CUL

PRODUCT DESCRIPTION

Tinned, annealed, stranded or solid or solid copper conductor, 32-16AWG.

Color-coded PVC insulation

Rated temperature: 80°C. Rated voltage: 300 volts

Passes UL VW-1 & CUL FT1 vertical flame test

Uniform thickness of wire to ensure easy stripping and cutting

Resistant to acids, oils, alkalis, moisture and fungus

APPLICATIONS

For general purpose internal wiring of electronic and electrical equipment

UL 1007 28AWG

Conductor: 7/0.127mm

Diameter: $\varnothing 1.3 \pm 0.10$ MM
